1. IDENTIFICATION OF THE SUBSTANCE AND OF THE COMPANY

| Trade name | DOW CORNING(R) 995 SILICONE STRUCTURAL SEALANT, BLACK |
| Company | Dow Corning S.A.  
 rue Jules Bordet - Parc Industriel - Zone C  
 B-7180 Seneffe  
 Belgium  
 Dow Corning Central Europe Tel: +49 6112371  
 Fax: +49 611237609  
 Dow Corning Northern Europe Tel: +44 1676528000  
 Fax: +44 1676528001  
 Dow Corning Southern Europe Tel: +33 472841360  
 Fax: +33 472841379  
 Dow Corning (Barry U.K. 24h) Tel: +44 1446732350

| E-mail address (Safety Data Sheet) | sdseu@dowcorning.com |
| Use of the substance/preparation | Adhesive, binding agents |

2. HAZARDS IDENTIFICATION

Not hazardous according to article 31 and Annex II of the EU REACH Regulation and its subsequent amendments.

3. COMPOSITION / INFORMATION ON INGREDIENTS

| Chemical characterization | Silicone elastomer |
| Hazardous Ingredients | Dimethyl siloxane, trimethoxysilyl-terminated |
| Name | CAS-No. | EINECS/ELINCS No. | Conc. (% w/w) | Classification |
| Dimethyl siloxane, trimethoxysilyl-terminated | - | Exempt or not available | <=46.0 |  |
| Trimethoxy(methyl)silane | 1185-55-3 | 214-685-0 | 2.9 | F  
 Xn  
 R11  
 R22 |

4. FIRST AID MEASURES

On contact with eyes: Flush with water.

On skin contact: Flush with water. Wipe off.

If inhaled: Remove to fresh air.
5. FIRE FIGHTING MEASURES

Suitable extinguishing media : On small fires use carbon dioxide (CO2), dry chemical or water spray. On large fires use dry chemical, foam or water spray (fog). Water can be used to cool fire exposed containers.

Unsuitable extinguishing media : None known.

Hazards during fire fighting : None known.

Special protective equipment/procedures : A self-contained respirator and protective clothing should be worn. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

Hazardous Combustion Products : Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Silica. Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Nitrogen products. Sulphur products. Quartz.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions : Wear proper protective equipment.

Precautions to protect the environment : Do not allow large quantities to enter drains or surface waters.

Methods for cleaning up : Scrape up and place in a container fitted with a lid. The spilled product produces an extremely slippery surface.

7. HANDLING AND STORAGE

Advice on safe handling : General ventilation is recommended. Local ventilation is recommended. Avoid skin and eye contact. Do not breathe vapour.

Advice on storage : Do not store with oxidizing agents. Keep container closed and store away from water or moisture.

Specific uses : Refer to technical data sheet available on request.

Unsuitable packaging materials : None known.
8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Engineering Controls**
Ventilation: Refer to Section 7

**Exposure controls for hazardous components**

**Personal protection equipment**

**Respiratory protection**
Suitable respiratory protection should be worn if the product is used in large quantities, confined spaces or in other circumstances where the OEL may be approached or exceeded. Depending on the working conditions, wear a respiratory mask with filter(s) AX or use a self-contained respirator. The choice of a filter type depends on the amount and type of chemical being handled in the workplace. Regarding filter characteristics, contact your respiratory protection supplier.

**Hand protection**
Chemical protective gloves or gauntlets should be worn and removed correctly to avoid skin contamination: Silver shield(TM). 4H(TM). Regarding glove's breakthrough time,...contact your chemical protective glove supplier.

**Eye protection**
Safety glasses should be worn.

**Skin protection**
Wear impervious overalls in circumstances where significant skin contact can occur.

**Hygiene measures**
Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking. Remove contaminated clothing immediately.

**Environmental exposure controls**
Refer to section 6 and 12.

**Additional information**
These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.

PRODUCT SAFETY DATA SHEET

According to article 31 and Annex II of the EU REACH Regulation

DOW CORNING(R) 995 SILICONE STRUCTURAL SEALANT, BLACK

Important health, safety and environmental information

Flash point : 70 °C (Closed Cup)
Explosive properties : No
Specific Gravity : 1.33
Oxidizing properties : No

The above information is not intended for use in preparing product specifications. Contact Dow Corning before writing specifications.

10. STABILITY AND REACTIVITY

Stability : Stable under normal usage conditions.
Conditions to avoid : None established.
Materials to avoid : Can react with strong oxidising agents. Cures in the presence of water or moisture, releasing a small amount of methanol.
Hazardous decomposition products : Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Silica. Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Nitrogen products. Sulphur products. Quartz.

11. TOXICOLOGICAL INFORMATION

On contact with eyes : May cause temporary discomfort.
On skin contact : May produce an allergic reaction.
If inhaled : Vapours evolved during curing may cause dizziness.
On ingestion : Small amounts transferred to the mouth by fingers during use should not injure. Swallowing large amounts may cause digestive discomfort.

Other Health Hazard Information : Product may emit formaldehyde vapours at temperatures above 150°C in the presence of air. Formaldehyde vapour is harmful by inhalation and irritating to eyes and respiratory system at breathing concentration less than one part per million (1 ppm). Human health hazards associated with quartz (silica, crystalline respirable dust) and other fibrogenic dusts arise following inhalational exposure to respirable particles. Quartz in the present formulation (uncured or cured) is not available in a respirable form. This product contains (a) powder(s) hazardous by inhalation. This is not relevant to the current physical form of the product, which is not in a respirable form.

Based on product test data.
Based on test data from similar products.

12. ECOLOGICAL INFORMATION
Environmental fate and distribution

Solid material, insoluble in water. No adverse effects are predicted.

Ecotoxicity effects

No adverse effects on aquatic organisms are predicted.

Bioaccumulation: No bioaccumulation potential.

Fate and effects in waste water treatment plants

No adverse effects on bacteria are predicted.

13. DISPOSAL CONSIDERATIONS

Product disposal: Dispose of in accordance with local regulations. According to the European Waste Catalogue, Waste Codes are not product specific, but application specific. Waste codes should be assigned by the user, preferably in discussion with the waste disposal authorities.

Packaging disposal: Dispose of in accordance with local regulations. Waste codes should be assigned by the user, preferably in discussion with the waste disposal authorities.

14. TRANSPORT INFORMATION

Road / Rail (ADR/RID)

Not subject to ADR/RID.

Sea transport (IMDG)

Not subject to IMDG code.

Air transport (IATA)

Not subject to IATA regulations.
### 15. REGULATORY INFORMATION

#### Labelling according to EEC Directive

| S-phrases | S24 Avoid contact with skin.  
|           | S51 Use only in well-ventilated areas. |
| Other phrases | Contains 3-Mercaptopropyltrimethoxysilane and  
|               | N-(3-(Trimethoxysilyl)propyl)ethylenediamine. May produce an allergic reaction. |

#### National legislation / regulations

| Ozone depleting chemicals | No ozone depleting chemicals are present or used in manufacture. |
| Status |
| EINECS | All ingredients listed, exempt or notified (ELINCS). |
| TSCA | All chemical substances in this material are included on or exempted from listing on the TSCA Inventory of Chemical Substances. |
| AICS | All ingredients listed, exempt or notified. |
| IECSC | All ingredients listed or exempt. |
| KECL | All ingredients listed, exempt or notified. |
| PICCS | All ingredients listed, exempt or notified. |
| DSL | All ingredients listed or exempt. |
This product safety data sheet was prepared in compliance with article 31 and Annex II of the EU REACH Regulation as well as its relevant amendments, on the approximation of laws, regulations and administrative provisions relative to the classification, packaging and labelling of dangerous substances and preparations.

It is the responsibility of persons in receipt of this Product Safety Data Sheet to ensure that the information contained herein is properly read and understood by all people who may use, handle, dispose or in any way come in contact with the product. If the recipient subsequently produces a formulation containing the Dow Corning product, it is the recipient's sole responsibility to ensure the transfer of all relevant information from the Dow Corning Product Safety Data Sheet to their own Product Safety Data Sheet in compliance with article 31 and Annex II of the EU REACH Regulation.

All information and instructions provided in this Safety Data Sheet (SDS) are based on the current state of scientific and technical knowledge at the date indicated on the present SDS. Dow Corning shall not be held responsible for any defect in the product covered by this SDS, should the existence of such defect not be detectable considering the current state of scientific and technical knowledge.

As stated above, this Safety Data Sheet has been prepared in compliance with applicable European law. If you purchase this material outside Europe, where compliance laws may differ, you should receive from your local Dow Corning supplier a SDS applicable to the country in which the product is sold and intended to be used. Please note that the appearance and content of the SDS may vary - even for the same product - between different countries, reflecting the different compliance requirements. Should you have any question, please refer to your local Dow Corning supplier.

**R11** Highly flammable., **R22** Harmful if swallowed.
